September 2001

Location	Date	Time Local/ Standard	Path Length (Miles)	Path Width (Yards)	Number of Persons Killed	Number of Persons Injured	Estimated Damage Property	Estimated Damage Crops	Character of Storm
----------	------	----------------------------	---------------------------	--------------------------	--------------------------------	---------------------------------	---------------------------------	------------------------------	--------------------

TEXAS, North

Dallas County

Carrollton	05	1325CST 1329CST	1.5	50	0	0	125K		Tornado (F1)
------------	----	--------------------	-----	----	---	---	------	--	--------------

The initial touchdown was at the intersection of McCoy and Evergreen roads. The tornado moved north-northwest for 1.5 miles then dissipating just north of Frankford Road and east of Old Denton Road. Roof damage occurred at the McCoy Elementary School, to a church, and 23 homes.

Collin County

1 E Frisco	05	1405CST	0.1	20	0	0			Tornado (F0)
------------	----	---------	-----	----	---	---	--	--	--------------

Fire department personnel observed a brief tornado touchdown in an open field just east of Frisco.

Collin County

Celina	05	1430CST	3	50	0	0	30K		Tornado (F1)
--------	----	---------	---	----	---	---	-----	--	--------------

The tornado first touched down just north of Prosper and moved due north before dissipating near Celina. Seven homes with roof damage, one home with windows blown out, a storage shed and a greenhouse was destroyed.

Showers and thunderstorms remained in North Texas, but became more scattered, as a slow moving upper level low pressure system began to exit the region. This upper low spawned three tornadoes in Dallas and Collin Counties which caused damage to structures.

Montague County

Nacona	07	2134CST			0	0	2K		Thunderstorm Wind
--------	----	---------	--	--	---	---	----	--	-------------------

A fruit stand was blown over and shingles were blown off some roofs

----------	------	----------------------------	---------------------------	--------------------------	--------------------------------	---------	---------------------------------	-------	--------------------

TEXAS, North

A flag pole was blown down by high winds.

Scattered thunderstorms developed in northwest portions of the area, north and west of a Sherman, Fort Worth, Stephenville line. Strong winds were the main threat with these storms. However, there were a few reports of hail. In Fort Worth, a slow moving and strong thunderstorm brought localized flooding near the downtown area.

Eastland County									
Eastland	20	2115CST			0	0			Thunderstorm Wind (G52)
Large tree limbs were blown down.									
Comanche County									
Comanche	20	2200CST			0	0			Thunderstorm Wind (G54)
Trees and power lines were blown down.									
Hood County									
Acton	23	1500CST			0	0			Thunderstorm Wind (G52)
Trees were blown down by high winds.
